

# 2024 AMBA MOLD BUILDER OF THE YEAR AWARD

The AMBA Mold Builder of the Year Award was instituted to recognize outstanding contributions made by an AMBA member. The recipient of this prestigious award will be an outstanding business leader dedicated to the industry and an active member of AMBA.

## AWARD PRESENTATION

The 2024 AMBA Mold Builder of the Year Award (MBOY) recipient will be announced during the upcoming AMBA Annual Conference 2024 in Grand Rapids, MI, March 19-21, at the Amway Grand Plaza Hotel.

Announcement of the award recipient will be made to national industry publications, *The American Mold Builder* magazine and posted on the AMBA website. The award recipient is expected to attend the conference to receive this award.

## AWARD

The MBOY award recipient will not only be presented with the prestigious Mold Builder of the Year Award, but the award recipient also will choose the industry-related educational program that will receive a **\$5,000 Progressive Components** scholarship grant.

## ELIGIBILITY

AMBA members may nominate themselves or nominate a peer. The award recipient will be the individual, not the company. If you believe that you have built a good solid business: a company that is doing positive things in the industry...we encourage you to nominate yourself! Do you work hard toward business growth? Try to find new ways to be competitive? Consistently looking for innovations? Support fellow peers? Work to grow the industry at large?

That's what it takes to be the Mold Builder of the Year! Tell us about it and why you believe you deserve to be the award winner.

## CRITERIA

AMBA will coordinate a panel of judges comprised of industry-related individuals and former MBOY award recipients that will evaluate nominations based on the four criteria listed below:

- ▶ Nominee must be a member of the AMBA in good standing.
- ▶ Nominee should be an outstanding member of the industry, working to promote the industry through the AMBA, the community, apprenticeship programs, trade school participation, or other forms of education of customers, employees and community.
- ▶ Nominee should be an outstanding businessperson, as evidenced by his/her company's growth, commitment to technology innovation, and dedication to the ideals of the mold building business of honesty and fairness, and creativity in meeting the challenges that the industry faces.
- ▶ Nominee should be someone who exemplifies an American mold builder and is representative of what the AMBA promotes in its members – together we are stronger.

*Thank you for your participation!*

**Award Sponsored by Progressive Components
