

## American Mold Manufacturing Advancement Grant

The American Mold Manufacturing Advancement Grant (AMMA Grant) was created by the American Mold Builders Association to invest in the advancement of the industry. The purpose of the Grant is to support programs/projects that fall within three primary areas (with priority given to advancing the industry as opposed to being a benefit to only one member shop):

- **Training**
  - Examples include developing apprenticeship programs, developing training programs, software training, investment in equipment and/or software to support training programs that benefit the industry. **Please Note: To be considered, the programs must create a tangible benefit to the local community or the industry as a whole. Programs that only benefit the member company will not be considered.**
- **Advocacy/Industry Promotion**
  - Examples include government or community level, career fairs, open houses, videos/promotional materials.
- **Research & Development**
  - Examples include new technologies, partnerships with other industry participants to create industry benefit.

### Specifics of the grant program include the following:

- Single award size: \$1,000-\$10,000
- Maximum 5-year accumulation: not more than \$25,000
- Applicants must be AMBA members in good standing
- Grants are available every year, funds permitting
- Applications must be completed in full to be considered
- **Grant Application Deadline: April 30, 2019**

### General Instructions

- The application has two parts. Be sure to complete each part.
- See “AMMA Non-Support Statement” before filling out the application.
- All grant applications must be typed or computer-generated (minimum 10pt).
- Provide all of the information in the order listed.
- Submit only one copy with numbered pages; do not bind or staple.
- Reporting of grant spend may be required, including option of AMBA to audit records of recipient relating to the grant.
- Pictures of grant recipient and use of funds may be required for marketing purposes.
- Completed applications must be returned to the AMBA at the address below, no later than April 30, 2019.
- Grants will be awarded within 30 days of the close of grant submissions.

**For specific questions about the AMMA Grant process, please call the AMBA at 317.436.3102.**

# American Mold Manufacturing Advancement Grant Application Form

## Part Two: Grant Proposal Narrative

Please provide the following information in the order presented below. Please be sure that your grant request fits within one of three areas of AMMA Grant Support: Training, Advocacy or R&D (see AMMA Grant Non-Support Statement).

### Organization Information and Background

- Provide a brief summary of your company's or organization's mission, goals, history, programs and major accomplishments, success stories and qualifications.
- Show evidence of client and/or community support.

### Project/Program Description

- Abstract: Briefly describe the proposed program, how it supports one of the grant's three pillars (Training, Advocacy or R&D), capacity to carry out the program and who will benefit from the program.
- Explain the program's significance and why the organization is qualified to carry it out.
- Describe the expected outcomes and the indicators of those outcomes.
- Define the scope of the benefit to the mold manufacturing industry.
- Outline the strategy/methodology and timeline to be used in the development and implementation of the program.
- What is the plan to involve the population you intend to serve in the design?
- How does this program enhance the existing services in the community or industry?
- Who will provide leadership for the program?

### Evaluation

- Briefly describe the evaluation process and how the results will be used.
- Explain how the organization will measure the effectiveness of the program.
- Describe the criteria for success.
- Describe the results expected to be achieved by the end of the funding period.

### Funding Considerations

- Describe plans for obtaining other funding needed to carry out the project/program or organizational goals, including self-funding and amounts requested of other funders.
- If the project/program is expected to continue beyond the grant period, describe plans for ensuring continued funding after the grant period.
- How will the funds be used in a manner that visibly shows AMBA (through the member company requesting the grant) is making a difference or contribution to the mold manufacturing industry?

## **American Mold Manufacturing Advancement Grant Non-Support Statement**

While all requests will be considered on a case-by-case basis, as a general policy, the AMBA AMMA Grant does not support the following:

- Advertising for benefit or courtesy purposes
- Capital or building campaigns
- Debt reduction
- Endowments or endowment campaigns
- General operating expenses, including salaries
- Individuals
- Loans
- Memorials
- Organizations that limit membership or services based on race, religion, color, creed, sex, age or national origin
- Organizations that do or may pose a conflict with AMBA's mission, goals, programs, projects, services, employees or trustees
- Organizations whose chief purpose is to influence legislation or to participate or intervene in political campaigns on behalf or against any candidate for public office
- Religious or sectarian programs for religious purposes
